Reference number on area maps V08

Title of View -View from Gate at end of Finch Lane

Photos taken: 1 by Jenny Cocks

At the end of Finch Lane is a five barred gate with a side entrance to the footpath.

On taking the path to the right, there is a good view along the path and down the hill towards the brook at the bottom of the hill, and then on the other side of the stream up to the orchards towards Norton. The footpath leads over the Brook and up into the Orchards and can be followed through to the main road, and on crossing this road it is possible to walk through the farmyard and up the Lenches Hill, towards Sherrif's Lench.
